

# AIR QUALITY, WATER QUALITY, & POLLUTION PREVENTION:

Questions regarding air quality, water quality, and pollution prevention can be found at this website <a href="http://www.enr.state.nc.us/">http://www.enr.state.nc.us/</a> or by contacting (919) 733-4984.

### **ANIMAL CONTROL:**

Questions regarding animal control (dogs, bats, etc.) should be directed to the Animal Control Section at (252) 291-8142. Questions regarding potential rabies exposure can be directed to Tammra Morrison, CD Coordinator, at (252) 237-3141.

#### **CITY WATER / SEWER ISSUES:**

To report water or sewer problems causing a health hazard, such as leaking sewage or a lack of water, please call (252) 399-2219 or (252) 399-2220. The website address can be accessed at <a href="http://www.wilsonnc.org/departments/developmentservices/constructionstandards/plumbing/">http://www.wilsonnc.org/departments/developmentservices/constructionstandards/plumbing/</a>

#### **MOLD:**

The Environmental Health Section of the Wilson County Health Department does not evaluate private residences for mold problems. Information regarding mold can be found at this website <a href="http://www.epi.state.nc.us/epi/air.html">http://www.epi.state.nc.us/epi/air.html</a> or by contacting (919) 707-5950.

## **PEST CONTROL:**

The Environmental Health Section of the Wilson County Health Department does not evaluate private residences for pest control problems. Information regarding pest control can be found at this website <a href="http://www.deh.enr.state.nc.us/phpm/index.htm">http://www.deh.enr.state.nc.us/phpm/index.htm</a> or by contacting (919) 733-6407.

#### **SOLID WASTE:**

Questions regarding solid waste (illegal dumping, trash complaints, etc.) should be directed to the Solid Waste Section at (252) 399-2823.
