

Someone Has Overdosed On Heroin: What Do I Do?

January 11, 2018

Area L AHEC

Dr. David M. Webb Learning Institute
1631 S Wesleyan Blvd, Rocky Mount, NC
6:00 p.m. – 8:00 p.m.

2.0 Contact Hours/0.2 CEU Hours will be awarded

Each day 91 Americans die as the result of an opioid/heroin overdose. In North Carolina, three people die each day due to opioids or heroin. Information on how opioids and heroin affect the body and cause addiction, community resources to support recovering addicts, and basic emergency management of an overdose including how to administer naloxone (opiate/heroin antidote) will be provided.

Target Audience: Anyone who may come in contact with someone at risk of overdosing on an opioid or heroin including but not limited to teachers, librarians, school resource officers, coaches, family members, etc.

Cost: There is no charge to attend; however, you must register to attend. If you would like to register for the program, please contact Kathy Painter at 252-972-6958 or e-mail at kathy.painter@arealahec.org.

Speakers
