

Wilson County 2018 Delinquent Real Estate Taxes

ADVERTISEMENT OF TAX LIENS ON REAL ESTATE FOR 2018

Under and by virtue of the authority vested in me by Section 105-369 of the North Carolina General Statutes and pursuant to an order of the Board of Commissioners of Wilson County, I am hereby advertising tax liens for the year 2018 upon the real estate described herein. The amount advertised will be increased by interest and costs, and the omission of interest and costs from the amount advertised will not constitute a waiver of the taxing unit's claim for those items. The real estate that is subject to the lien and the name of the owner of the property as of the date the property tax became delinquent, January 8, 2019, and the principal amount of taxes due are set out herein. When a parcel was subdivided after January 1, 2018, and ownership of one or more of the resulting parcels was transferred, the amount of the tax lien on each parcel, as shown in this advertisement, is the amount of the lien on the original parcel as it existed on January 1, 2018, and is subject to adjustment when the taxes are paid or the lien is foreclosed. If the taxes remain unpaid, the taxing unit will foreclose the lien and the real property subject to the liens will be sold to satisfy the taxing unit's claim for taxes. This advertising list includes 2018 real property accounts unpaid as of February 13, 2019.

This 27th day of February 2019
Randy A. Faircloth
Wilson County Tax Administrator/Collector

GENERAL INFORMATION REGARDING THE ADVERTISEMENT OF TAX LIENS

North Carolina law requires local tax collectors to annually advertise current year unpaid taxes levied on real estate in the name of the owners as of the delinquent date of January 8, 2019. The advertisement of tax liens is a very serious matter because it marks the initiation of the foreclosure process. Real estate taxes for 2018 became past due on January 8, 2019, and interest began to accrue on that date. Pro-ration agreements between buyers and sellers are just that - an agreement between the buyer and the seller. As far as the Tax Collector is concerned, both parties have a responsibility to see that property taxes are paid after the transfer is completed. However, the new owner should be concerned, as this advertisement is the first step toward eventual foreclosure of the real estate. This advertising list reflects payments received in the Tax Collector's Office through February 13, 2019. Any payment received after that date is charged an advertising fee in addition to applicable interest. The Tax Collector's Office is already utilizing enforced collection measures such as wage garnishment, attachment of bank deposits, and Sheriff's levy against personal property.
